President's Message

Today we welcome the River Murray League from South Australia. It is unfortunate that their visit is so short, however, I feel sure that the hospitality given will measure up to the usual Western Australian standard. As they come to us with a very high reputation the game should be of a high standard and a great spectacle.

A welcome is also extended to the Combined Services who will do battle with our reserves and this game should set the pattern of standards for the day.

Congratulations to all players selected, good luck to the coaches and trust that both games are played in the true spirit of "Aussie Rules".

My thanks to the selectors R. Hayward, B. Thompson and B. Rayment. Team Managers: Neil Lord and Terry Kift also to the Coaches and Trainers who have offered their services to the League and visiting sides.

R. BLACKBURN.
PRESIDENT.

FOREWORD

The clash today between the S.S.M.N.F.L. and the River Murray League should be the forerunner of future interstate games between various leagues and associations and today's match is a triumph for the administration of both leagues.

Most clubs have top class facilities for players and supporters alike, Maddington and Thornlie are top class, Gosnell's \$50,000 extensions are on view today and Kelmscott are on the move. This is the reason why the league is strong and games of today's nature can only strengthen it further.

The players of today should be most grateful to the administrators of all clubs who put in so much time and effort so as to keep their own clubs and this league to the forefront.

The professional attitude and conduct shown throughout this league is the envy of many other associations.

We all have seen the performances of the various state leagues with the "Big V" usually coming out on top but it is indeed rare to be able to compare the standards of similar leagues from different states as is the case today.

The River Murray League have had previous experience in interstate games whilst the S.S.M.N.F.L. have gained through their matches against Geelong so today's clash should be a great one.

Best wishes to both leagues and no matter what the result the game must prosper.

R.A.C. Insurance is owned by its members to keep premiums down.

Like the R.A.C. itself, R.A.C. Insurance is a non-profit, member-owned organisation. Our premiums are not loaded with the inbuilt profit margins demanded by privately owned Insurance Companies.

Instead, premium rates are calculated to give members the best protection at the lowest possible rate.

We'll insure almost anything — car, boat, home, travel, special, and assure your life — at the most competitive rates you'll find.
